OTHER SIGNIFICANT DATA: Poor appearance, good social personality. This rather peculiar looking American has a good education which could possibly extend to the university degrees that he claims. He is a ready talker who seeks to gain the greatest possible advantage for himself from any interview and finds extreme difficulty in seeing any but his own point of view. At present all he can think about is getting out of Australia as soon as possible. Naturally, concerning this offence he is a picture of outraged and injured innocence. (J.D.T. 19.7.67)
